

Jean Monnet Module EU-Western Balkans Cooperation on Justice and Home Affairs (EUWEB Module)

3rd Edition

The EUWEB Module, hosted by the University of Salerno, offers a three-year specialization course on EU Cooperation on Justice and Home Affairs (JHA) with the Western Balkans in view of their accession to the Union.

By means of an innovative and multidisciplinary approach in EU legal studies, it promotes excellence in teaching in the fields of **immigration, the fight against transnational crime, police and judicial cooperation, as well as the protection of fundamental rights, by bringing the Western Balkans closer to the Union.**

The EUWEB Module aims to provide an in-depth and technical analysis of the JHA field that is one of the main areas of the EU-Western Balkans cooperation and concerns a matter of extreme political relevance for the EU. In fact, in line with the EU's 'new approach' to the accession process, opening the negotiation chapters on judicial reform and fundamental rights (Chapter 23) and on justice, freedom and security (Chapter 24) has been a top priority in the accession negotiations with the Western Balkans.

The third edition of the EUWEB Module consists of **58 hours** of training courses distributed in **8 (eight) study days** from **March to May 2022** in **blended mode**, both in presence and on the 'Microsoft Teams' online platform.

The EUWEB Module is **addressed to** students, graduates, Ph.D. and Ph.D. candidates, but also to all the stakeholders, such as legal operators, judges, lawyers, law enforcement officials, civil servants and civil society, policy makers.

The Module concerns four macro-areas:

- I. EU-Western Balkans Cooperation on Cross-Border Security (Migration and Asylum Management);**
- II. EU-Western Balkans Cooperation in the Fight Against Transnational Crime;**
- III. EU-Western Balkans Police and Judicial Cooperation;**
- IV. EU-Western Balkans Cooperation and Protection of Fundamental Rights.**

In the third edition, the Protection of Fundamental Rights will be deepened transversely within the three other areas.

All the EUWEB Module's topics will be addressed with **an interdisciplinary approach**. In the context of our activities, **teaching and open debating** will be guided by a **participatory and interactive method** in order to promote public awareness on the gradual integration of the Western Balkan Countries in the EU.

This approach will also encourage: the soft skills of the younger audience; forms of delivery and innovative learning (flipped classroom, peer education, cooperative learning, problem solving); the support of the public and private institutions, thanks to the cooperation with local authorities, as well as with Western Balkans' institutional authorities.

The **EUWEB Module has the support of Albanian, Macedonian and Serbian universities, of civil society associations that are directly involved in its activities, as well as the contribution of national and international legal experts.**

The course is **free of charge** and participants need only to register on the website 'www.euweb.org'.

Participants in at **least 70%** of the activities of the Module will be entitled to an **attendance certificate**.

Foreign students, who will **attend** the Module activities and present a **final paper**, subject to evaluation by the Module's Teaching Staff Members, will be recognized the number of **6 (six) ECTs**.

Students of the Department of Legal Sciences of the **University of Salerno**, who will attend the Module activities and submit a final paper will be recognized **from 2 (two) to 6 (six) ECTs** as required for the performance of 'other activities' pursuant to Article 10, Paragraph 5 - Letter a) of the Ministerial Decree No. 270/2004. The number of ECTs will be decided by the Module's Teaching Staff Members on the basis of the students' **participation in the lectures** (at least 70%) and substantial assessment of the **submitted paper**.

The **best papers**, selected by the Module's Teaching Staff Members, will be **discussed during the Conclusive Annual International Conference** in June and will be **published** in the section of website dedicated to the Open Educational Resource (OER) or on the Academic Journal of the Department of Legal Sciences (School of Law) of the University of Salerno '*Iura* and Legal System', ISSN 2385-2445, or included in other scientific publications.

Participation in a single (or more than one) lesson is permitted through registration on the website.

Lawyers participating in the activities of the Module will be assigned by the Council of the Salerno Bar Association a number of 4 (four) professional training credits (CFP) for each session of the study days.

PROGRAM
